

Matrix of Smokefree Outdoor Air Policies in California

April 2024

California communities have been enacting local smokefree air protections for outdoor public places and workplaces for several decades. Cities and counties have responded to demand for reducing secondhand smoke exposure in outdoor areas of restaurants, bars, and other worksites, as well as numerous types of outdoor gathering spaces including recreational areas, public events, and transit stops.

Jurisdictions qualify for this Smokefree Outdoor Air matrix if they regulate smoking in **1 or more** of the seven types of outdoor venues listed below.

Note: This matrix includes **both** policies that are on the PETS website, which is current through March 31, 2021, **and** more recently enacted and analyzed policies that are not yet in the PETS database. Jurisdictions with new or updated policy provisions on this matrix, but not yet on PETS, are denoted by ~. The matrix does not include policies that have not yet been analyzed by ANRF staff.

Currently, **401** California municipalities in **53** counties (56 LLAs) have enacted ordinances that regulate smoking in **1 or more** of the following outdoor public places:

- **157** municipalities prohibit smoking in **all Outdoor Dining Areas**. Another 28 municipalities prohibit smoking in some areas/sections.
- **116** municipalities prohibit smoking in **all Outdoor Bar Areas**. Another 21 municipalities prohibit smoking in some areas/sections.
- **29** municipalities prohibit smoking in **all Outdoor Public Events & Venues**. Another 118 municipalities prohibit smoking in some or specified types of Outdoor Public Events & Venues, and 45 municipalities prohibit smoking in sections. Outdoor Public Events & Venues may include farmers' markets, fairs, concerts, flea markets, sports arenas, swap meets, shopping centers, special/specified events, etc.
- **78** municipalities prohibit smoking in **all Outdoor Recreational Areas**. Another 245 municipalities prohibit smoking in all municipal, or some or specified types of Outdoor Recreational Areas, and 63 municipalities prohibit smoking in sections. Outdoor Recreational Areas may include parks, playgrounds, trails, bike/pedestrian paths, sports fields, beaches, etc.
- **130** municipalities prohibit smoking in **all Outdoor Transit Stops/Shelters**. Another 19 municipalities prohibit smoking in some or specified Outdoor Transit Stops/Shelters.

- **26** municipalities prohibit smoking in **all Outdoor Public Easements/Rights of Way**. Explanatory Notes:

The population data in this matrix is from the U.S. Census Bureau 2018-2022 American Community Survey 5-Year Estimates.

~ **Not in PETS:** Jurisdiction has new or updated policy provisions that are not yet available on the PETS website.

ESDs and Marijuana: PETS policies are analyzed to determine if the use of electronic smoking devices (ESDs) and marijuana smoking and/or vaping are regulated in the same manner as tobacco smoking. The majority of the jurisdictions on this outdoor secondhand smoke matrix prohibit both ESD use and smoking/vaping of marijuana wherever tobacco smoking is prohibited. PETS users can look up the specific ESD and marijuana coverage for each individual outdoor policy provision on the PETS [Secondhand Smoke](#) page.
