

## Matrix of Policies Regulating the Density and/or Proximity of Tobacco Retail Sales Venues in California

July 2023

California cities and counties are adopting policies to regulate the density and proximity of tobacco retail sales venues in order to reduce the availability of tobacco products and tobacco advertising in an effort to decrease tobacco use and improve health outcomes in our communities.

Jurisdictions on this matrix regulate retailer density or proximity in **at least 1 of 6 ways**: limiting the number of tobacco retailers based on population, limiting the number of tobacco retailers by setting a cap on the number of licenses, limiting tobacco retailer proximity to residential areas, limiting tobacco retailer proximity to other tobacco retailers, limiting tobacco retailer proximity to youth-populated areas, or limiting tobacco retailer proximity to marijuana retailers.

**Note:** This matrix includes **both** policies that are on the PETS website, which is current through March 31, 2021, **and** more recently enacted and amended policies that have been analyzed but are not yet in the PETS database. Jurisdictions with new policies or updated policy provisions on this matrix that are not yet on PETS are identified with ~.

Currently, **119** California municipalities in 29 counties regulate the density and/or proximity of tobacco retail sales venues in some manner.

### Density:

**14** jurisdictions limit the number of tobacco retail sales venues (stores and/or lounges) **based on population**.

**11** jurisdictions limit the number of tobacco retail sales venues (stores and/or lounges) by **setting a cap** on the total number of licenses that can be issued.

### Proximity:

**19** jurisdictions restrict the proximity of tobacco retail sales venues' locations to **residential areas**.

**63** jurisdictions restrict the proximity of tobacco retail sales venues' locations to **other tobacco retailers**.

**103** jurisdictions restrict the proximity of tobacco retail sales venues' locations to **youth-populated areas**, which may include schools, parks, and/or childcare.

**7** jurisdictions restrict the proximity of tobacco retail sales venues' locations to **marijuana retailers**.

See Definitions and Explanatory Notes starting on page 12.

## **Explanatory Notes:**

~ **Not in PETS:** Jurisdictions marked with ~ have new or updated policy provisions that are not yet reflected in the PETS database.

\* The **specific distance** for the proximity provisions is currently available only for the sub-set of jurisdictions whose policies have completed full analysis.

The **specific density and proximity** limitations (i.e. number of licenses or specific distance) are listed in parentheses for jurisdictions that have completed long-form analysis, with some limited exceptions.

Policies commonly exempt existing tobacco retail sales businesses from the six types of proximity and density provisions.

## **Definitions:**

**Most Recent Enactment Date:** Jurisdictions may have enacted multiple policies regulating the sale of tobacco, such as amending prior policy provisions. The matrix lists the most recent date that a policy addressing the sale of tobacco for the topics covered by this matrix was enacted or amended.

### **Number of Retailers Limited by Population**

**Yes, all types** = The ordinance establishes a maximum number of retail licenses per stated population for all types of establishments (stores and/or lounges) selling regulated tobacco products.

**Yes, less than all types** = The ordinance establishes a maximum number of retail licenses per stated population for some types of establishments (stores and/or lounges) selling regulated tobacco products, such as only limiting specialty tobacco retailer or vape shops.

### **Number of Retailers Limited by Cap on Licenses**

**Yes, all types** = The ordinance establishes a cap on the total number of retail licenses for all types of establishments (stores and/or lounges) selling regulated tobacco products.

**Yes, less than all types** = The ordinance establishes a cap on the total number of retail licenses for some types of establishments (stores and/or lounges) selling regulated tobacco products, such as only limiting specialty tobacco retailer or vape shops.

### **Limits Proximity to Residential Areas**

**Yes, all types** = The ordinance limits the sale of regulated tobacco products in all types of retail venues near residential areas.

**Yes, less than all types** = The ordinance limits the sale of regulated tobacco products in some types of retail venues near residential areas.

### **Limits Proximity to Other Tobacco Retailers**

**Yes, all types** = The ordinance limits the sale of regulated tobacco products in all types of tobacco retail venues near other tobacco retailers.

**Yes, less than all types** = The ordinance limits sales of regulated tobacco products in some types of tobacco retail venues near other tobacco retailers, such as limiting proximity only to specialty tobacco retailers.

#### **Limits Proximity to Youth-Populated Areas**

**Yes, 1,000' or more** = The ordinance limits the sale of regulated tobacco products within 1,000 feet or more of youth-populated areas, such as schools, parks, and/or childcare.

**Yes, less than 1,000'** = The ordinance limits the sale of regulated tobacco products within a distance of less than 1,000 feet of youth-populated areas, such as schools, parks, and/or childcare.

#### **Limits Proximity to Marijuana Retailers**

**Yes, all types** = The ordinance limits the sale of regulated tobacco products in all types of tobacco retail venues near marijuana retail sales venues.

**Yes, less than all types** = The ordinance limits the sale of regulated tobacco products in some types of tobacco retail venues near marijuana retail sales venues, such as limiting proximity only to specialty tobacco retailers.

ANR Foundation is actively collecting policies for the PETS Database. **If you know of local laws that you think should be included in this matrix**, or want to inquire about additional information on particular laws, please contact the ANR Foundation at [PETS-TA@no-smoke.org](mailto:PETS-TA@no-smoke.org).
